

UNIVERSITY OF CALIFORNIA
SANTA CRUZ

UNIVERSITY OF CALIFORNIA, SANTA CRUZ
DEPARTMENT OF EARTH AND PLANETARY SCIENCES
Assistant Professor in Planetary Sciences

The [Department of Earth and Planetary Sciences](#) (EPS) at the University of California, Santa Cruz (UCSC) invites applications for a position in planetary sciences, at the Assistant Professor level. Applicants' research should focus primarily on processes and bodies in this solar system (other than Earth). We are interested in candidates concentrating on research areas that include, but are not restricted to: planetary surface processes, planetary magnetism, accretionary/orbital dynamics, and cosmochemistry. We also welcome qualified applicants whose technical expertise will build upon or complement our existing strengths in areas such as planetary interiors and planetary atmospheres.

The successful candidate is expected to develop a vigorous, externally-funded research program, supervise research by graduate and undergraduate students, advise graduate students in their research area, develop and teach courses within the undergraduate and graduate curriculum, and perform university and professional service. The successful candidate must be able to work with students, faculty, and staff from a wide range of social and cultural backgrounds. We are especially interested in candidates who can contribute to the diversity and excellence of the academic community through their research, teaching, and service.

The Department of Earth and Planetary Sciences consists of 20 faculty, ~50 graduate students, ~200 undergraduate majors, and an outstanding technical support and administrative staff. Additionally, EPS faculty can take advantage of existing collaborations, or establish new ones, with faculty from affiliated departments (especially Astronomy and Astrophysics and Applied Math and Statistics), and nearby institutions, such as NASA Ames Research Center and the SETI Institute.

RANK: Assistant Professor

SALARY: Commensurate with qualifications and experience; academic year (9-month) basis

BASIC QUALIFICATIONS: PhD or equivalent foreign degree in Earth or Planetary Sciences or a related field, expected to be conferred no later than June 30, 2016; a demonstrated record of research.

PREFERRED QUALIFICATIONS: Demonstrated excellence in research; potential to obtain external funding, and a commitment to, and talent for, teaching at graduate and undergraduate levels.

POSITION AVAILABLE: July 1, 2016, with academic year commencing September 2016. PhD must be conferred by June 30, 2017 for employment beyond that date.

TO APPLY: Applications are accepted via the UCSC Academic Recruit online system, and must include a curriculum vitae (with a list of publications), a brief summary of research and teaching interests, contact information for four people prepared to write a letter of recommendation*, and three to ten examples of published material. Applicants are invited to submit a statement addressing their contributions to diversity through research, teaching, and/or service. Documents/materials must be submitted as PDF files.

Apply at <https://recruit.ucsc.edu/apply/JPF00316>

Refer to Position #**JPF00316-16** in all correspondence.

*All letters will be treated as confidential per University of California policy and California state law. For any reference letter provided via a third party (i.e., dossier service, career center), direct the author to UCSC's confidentiality statement at <http://apo.ucsc.edu/confstm.htm>

CLOSING DATE: Review of applications will begin on **November 24, 2015**. To ensure full consideration, applications should be complete by this date. The position will remain open until filled, but not later than 6/30/2016.

UC Santa Cruz faculty make significant contributions to the body of research that has earned the University of California the ranking as the foremost public higher education institution in the world. In the process, our faculty demonstrate that cutting-edge research, excellent teaching and outstanding service are mutually supportive.

The University of California is an Equal Opportunity/Affirmative Action Employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability, age, or protected veteran status. UC Santa Cruz is committed to excellence through diversity and strives to establish a climate that welcomes, celebrates, and promotes respect for the contributions of all students and employees. Inquiries regarding the University's equal employment opportunity policies may be directed to: Office for Diversity, Equity, and Inclusion at the University of California, Santa Cruz, CA 95064; (831) 459-2686.

Under Federal law, the University of California may employ only individuals who are legally able to work in the United States as established by providing documents as specified in the Immigration Reform and Control Act of 1986. Certain UCSC positions funded by federal contracts or sub-contracts require the selected candidate to pass an E-Verify check. More information is available here or from the Academic Personnel Office (APO) at (831) 459-4300.

UCSC is a smoke & tobacco-free campus.
