Distribution of Academic Employees Across Divisions Fall, 2009

This report gives high-level information on the current make-up of the academic workforce. Counts for other than current Senate faculty are taken from **primary appointment data**, to avoid double counting of employees with more than one title. The Primary Appointment is the appointment that has the greatest percent time associated with it. Senate faculty have been counted in their Senate title, regardless of percent time.

Data is pulled from the monthly extracts housed in the Data Warehouse and is updated quarterly.

Current Senate Faculty includes Professor series and Lecturer with Security of Employment series.

Non-Senate Faculty includes Lecturers, Visiting Professor series, Adjunct Professor series, Coordinator of Fieldwork, Supervisor of Teacher Education, and Lecturer with Potential Security of Employment.

Academic Research Appointees includes Professional Research series, Visiting Research series, Specialist series, Research Associate, Research Fellow, and Postgraduate Research.

Student Academic Employees includes Teaching Assistant, Teaching Fellow, Graduate Student Research, Research Assistant, Associate In, Readers and Remedial Tutors

Not included in these counts are **Emeriti** and **Teachers at University Extension**.
