

The [Department of Applied Mathematics and Statistics](#) in the [Baskin School of Engineering](#) at the University of California, Santa Cruz ([UCSC](#)) invites applications for an on-going pool of qualified part-time temporary lecturers to teach various courses. Course topics include, but are not limited to, all areas of applied mathematics and statistics: calculus, elementary statistics, control theory, fluid dynamics, numerical methods, stochastic modeling, probability theory and statistical inference. Outstanding candidates with experience to teach courses in one or more of the above areas are encouraged to apply.

The campus is especially interested in candidates who can contribute to the diversity and excellence of the academic community through their teaching and other assigned duties. Appointments are temporary positions with end dates and generally made one quarter at a time, based on the changing curricular needs of the department.
