

## 2022-23 Academic Salary Program Guidelines

### Implementation Guidelines:

1. Some scale adjustments go into effect July 1, and others October 1; specific title series and effective dates are noted below.
2. Percentage increases are approximate; the precise amount may vary due to rounding and smoothing between steps; refer to [salary scales](#) for actual rates.
3. The salary program for ladder-rank, security of employment, and LR-equivalent title series will be effective October 1, 2022 and therefore will not be applied to summer 2022 research (ACR) and summer administration (ACA) salary rates.
4. If an eligible employee has a merit or promotion action effective on the same date as their salary program increase, the merit/promotion is applied before the salary program increases.
5. New hires are eligible for the salary program unless alternate terms were specified in writing at the time of hire.
6. The salary increases will be implemented in UCPath and DivData by APO and the UCPath Center, except where noted in the chart below.
7. The effective dates listed here apply to monthly-paid appointees. The effective date for biweekly-paid appointees is the beginning of the first biweekly pay period following the monthly effective date.
8. For policy-covered off-scale employees, the percentage calculation is applied separately to the off-scale component and rounded to the nearest dollar or \$100, as appropriate to the title series (e.g., to the nearest \$100 for professorial and related series). For policy-covered above scale employees, the percentage calculation is applied to the total above scale salary and rounded as appropriate to the title series.
9. For NSTP participants, the scale-based salary (SBS, including on- and off-scale or above-scale amounts), is subject to increase; the negotiated salary component is not subject to increase and remains at the same dollar amount for the participation year.

### Effective July 1, 2022

TITLE SERIES	Programmatic Increase
