ONGOING POOL APPLICANTS' SCREENING CRITERIA WORKSHEET

For instructions on how to complete this document, please visit the Instructions for Completing the Ongoing Pool Applicants' Screening Criteria Worksheet web page.

SECTION #1 SCREENING CRITERIA: Indicate the criteria (stock and/or custom) that will be used to identify applicants who do not meet the advertised basic qualifications. Applicants assigned Section 1 Criteria are removed from further consideration.

STOCK CRITERIA		
٧	Application was incomplete; materials submitted were not the required materials. This criterion will automatically be included to your final Approved Applicants Screening Criteria document.	
	Degree was not in the advertised field(s).	
	Did not meet basic research requirement(s). Criterion is not applicable for lecturer pools.	
	Did not meet stated basic teaching requirements. Criterion is not applicable for non-lecturer pools.	
	Did not possess basic degree requirement stated in advertisement.	

CUSTOM SCREENING CRITERIA-OPTIONAL	
If the above stock criteria do not address qualification(s) you provided in basic qualifications section of the recruitment set-up form, provide custom criteria in the fields provided below. If you are unable to list all of your custom criteria on this page, please provide your complete list in a separate document and add it to this form.	

Please see following page

SECTION #2 SCREENING CRITERIA: Indicate the criteria (stock and/or custom) that the committee will use to identify applicants who meet the basic qualifications <u>but are judged to be insufficiently qualified to warrant further consideration</u>. Applicants assigned Section 2 Criteria are removed from further consideration.

Lacks sufficient depth/breadth of research/creative excellence or impact. Lacks sufficient research achievement/potential. Criterion is not applicable for lecturer pools. Lacks sufficient teaching achievement/potential. Criterion is not applicable for non-lecturer pools (with the exception of adjunct professor pools) Publication record shows some deficiencies. Criterion is not applicable to lecturer pools. For other non-lecturer pools, it can only be used if publication list or sample publication(s) is a required application requirement. Specialization or area of expertise for position, or department's needs, shows some deficiencies. CUSTOM SCREENING CRITERIA-OPTIONAL If the above stock criteria do not address critical qualifications or expertise provided in your recruitment set-up form's Position Description and Basic Qualifications sections, provide custom criteria in the fields provided below. If you are unable to list all of your custom criteria on this page, please provide your complete list in a separate document and add it to this form.

OPTIONAL SECTION #2.5: For Ongoing Pools, Section 2.5 is used when the Search Committee requests additional information from the remaining applicants **before** it determines if they are pool-qualified (which is considered a best practice).

If the committee <u>will not</u> request additional information before it determines who will be pool-qualified, proceed to the next section titled, *Section 3 Screening Criteria*.

If the committee will request additional information, please provide the requested information below.

Step 1: Select the method for requesting additional information.		
Committee will conduct reference checks.		
Committee will conduct interviews.		
Other: Provide in the field below the method that will be used for requesting additional information for the applicants.		
Step 2: Identify in the field below the qualification(s) and/or area(s) of expertise the committee will want to learn more about for the remaining applicants. Note that the qualifications/areas of expertise you enter below must be included your recruitment set-up form's basic qualifications or the position description.		
APO will create criteria for removing applicants from further consideration based on the qualifications and/or areas of expertise that you provide in the field below.		

	candidates.
Step 1: E	Enter in the field below the areas that candidates can be pool-qualified to teach.
	s no limit on the number of areas that can be listed. The only restriction is that they must be included in et-up form's basic qualifications or the position description.
	Select the screening criteria that you will assign pool-qualified candidates. Only select criteria that represent ations that <u>all</u> pool-qualified candidates will be evaluated.
	Area of specialty matches programmatic needs. Area of specialty is a very good match with programmatic needs.
	Area of specialty is an outstanding match with programmatic needs.
	Confidential letters of recommendation are judged to be good.
	Confidential letters of recommendation are judged to be very good. Confidential letters of recommendation are judged to be outstanding.
	Past or potential contribution(s) to diversity, equity, and inclusion are judged to be good.
	Past or potential contribution(s) to diversity, equity, and inclusion are judged to be very good. Past or potential contribution(s) to diversity, equity, and inclusion are judged to be outstanding.
	Only select this criteria group if a diversity statement is a REQUIRED application requirement.
	Publication record is judged to be good.
	Publication record is judged to be very good. Publication record is judged to be outstanding.
	Only select this criteria group if a list of publications or sample publications are a REQUIRED application requirement.
	Research experience/research potential is judged to be good.
	Research experience/research potential is judged to be very good. Research experience/research potential is judged to be outstanding.
	Teaching experience/teaching potential is judged to be good.
	Teaching experience/teaching potential is judged to be very good. Teaching experience/teaching potential is judged to be outstanding.
CUSTC	DM SCREENING CRITERIA-OPTIONAL
If the a	bove stock criteria do not address the most important qualifications or professional experience that you
	ed in recruitment set-up form, provide custom criteria in the fields provided below. If you unable to list all
of your form.	custom criteria on this page, please provide your complete list in a separate document and add it to this
