

AVAILABILITY DATA
NON-TENURED FIELDS OF STUDY (5 years)
AY 2018-19

Applied mathematics, computing theory
Logic, topology/foundations
Operations research, mathematics/statistics-general, mathematics/statistics-other
Algebra
Analysis and functional analysis
Geometry, geometric analysis
Number theory
Statistics (mathematics)
Computer science
Information science, systems
Computer and information science, general
Computer and information science, other
Aerospace, aeronautical and astronautical engineering
Bioengineering and biomedical engineering
Chemical engineering
Civil engineering
Electrical, electronics, and communications engineering
Industrial and manufacturing engineering
Materials science engineering
Mechanical engineering
Other engineering, aggregated
Structural engineering
Computer engineering
Environmental, environmental health engineering
Nuclear engineering
Systems engineering
Robotics
Biochemistry (biological sciences)
Anatomy, developmental biology
Bacteriology, parasitology
Biotechnology, biology/biomedical sciences-other
Botany, plant pathology, plant physiology
Endocrinology, human/animal pathology
Genetics-human/animal, plant genetics
Environmental toxicology, toxicology
Bioinformatics
Biomedical sciences
Computational biology
Biophysics (biological sciences)
Biometrics and biostatistics
Epidemiology
Cell/cellular biology and histology
Evolutionary biology
Ecology
Entomology
Immunology
Molecular biology, medicine
Structural biology
Microbiology
Cancer biology
Neurosciences, neurobiology
Nutrition sciences

Virology
Pharmacology, human and animal
Physiology, human and animal
Wildlife biology
Zoology
Biology/biomedical sciences, general
Epidemiology
Agronomy, horticulture science, plant breeding, plant pathology, plant sciences-ot
Animal nutrition, poultry science
Agricultural sciences, aggregated
Food science, food technology-other
Forest biology, forest management, wood science, forestry sciences-other
Soil chemistry, soil sciences-other
Natural resources and conservation, wildlife and range management
Agricultural Economics

Animal sciences, other
Fishing and fisheries sciences and management

Environmental science
Natural resource and enviromental policy
Speech-language pathology and audiology
Environmental health, public health
Health sciences, aggregated

Health systems administration
Health services research
Kinesiology/exercise physiology
Nursing science
Pharmaceutical sciences
Rehabilitation, therapeutic services
Health and behavior
Medical physics/radiological Science
Clinical Psychology
Psychology, aggregated
Family psychology, human development and family studies
Behavioral analysis
Cognitive psychology and psycholinguistics
Counseling
Marriage and family therapy, counseling
Developmental and child psychology
Health, medical psychology
Experimental psychology
Educational psychology (psychology)
Industrial and organizational psychology
Cognitive neuroscience
Neuropsychology/physiological psychology

School psychology (psychology)
Social psychology
Community psychology
Psychology, general
Anthropology, general
Anthropology, cultural

Anthropology, physical and biological
Econometrics, economics
Natural resource and environmental economics (social sciences)
Political science and government
Sociology
Health policy analysis
Demography, gerontology, statistics, urban affairs, social sciences-general, social
Area, ethnic, cultural, and gender studies
Criminal justice and corrections
Criminology
Geography
International relations, international affairs
Applied linguistics
Linguistics
Public policy analysis
Urban, city, community and regional planning
American, U.S. studies
American history, United States and Canada
History, aggregated
Asian history
European history
Latin American history
Middle, Near East history
History, science and technology and society
History, general
French, Italian
Other aggregated languages
Germanic languages and literature
Spanish language and literature
Latin American languages and literature

Classics
Letters, aggregated
Comparative literature
American literature, United States and Canada
English literature, British and Commonwealth
English language
Speech and rhetorical studies
Rhetoric and composition
Other humanities, aggregated
Archaeology (humanities)
Art history, criticism, and conservation
Film, cinema, video studies
Music
Philosophy, ethics
Music theory and composition
Music performance
Musicology and ethnomusicology
Religion/religious studies, Jewish/Judaic studies
Dance, drama
Astronomy
Astrophysics
Astronomy and astrophysics, other
Acoustics, optics/phototonics
Atomic physics, polymer physics

Elementary partical physics

Biophysics (physics)

Nuclear physics

Plasma, high-temperature physics

Condensed matter, low temperature physics

Applied physics

Physics, general

Physics, other

Atmospheric physics, meteorology

Atmospheric chemistry, atmospheric sciences-general, atmospheric sciences-other

Geology

Geochemistry, mineralogy

Geomorphology, geological sciences-general, geological sciences-other

Paleontology, stratigraphy

Geophysics and seismology

Marine biology and biological oceanography

Ocean/marine sciences, aggregated

Oceanography, chemical and physical

Analytical chemistry

Inorganic chemistry

Organic chemistry

Chemical biology

Medicinal chemistry

Physical chemistry

Polymer chemistry

Theoretical chemistry

Chemistry, general

Chemistry, other

Education and human resource studies/development

Educational administration and supervision

Urban education and leadership

Educational leadership

Curriculum and instruction

Educational policy analysis

Educational/instructional technology, media design

Educational statistics, research methods

Educational assessment, testing, measurement

Educational psychology (education)

School psychology (education)

Social and philosophical foundations of education

International education

Special education

Counseling education, counseling and guidance

Higher education evaluation and research

Teacher education

English as a second or foreign language

Health education

Mathematics education

Music education

Physical education and coaching

Literacy and reading education

Science education

Teaching fields, aggregated
Education, general
Other education, aggregated
Accounting
Finance
Other aggregated business fields
Business administration and management
Management information systems, business statistics
Marketing management and research
Human resources, organizational behavior
Communication research
Communication, aggregated
Mass communication, media studies
Communication, general
Architecture and environmental design
Fields not elsewhere classified, aggregated
Family, consumer sciences and human sciences
Parks, sports, recreation, leisure and fitness
Public administration
Social work
Theology and religious education
